

3D Printing and Modeling

7th lab: Recap

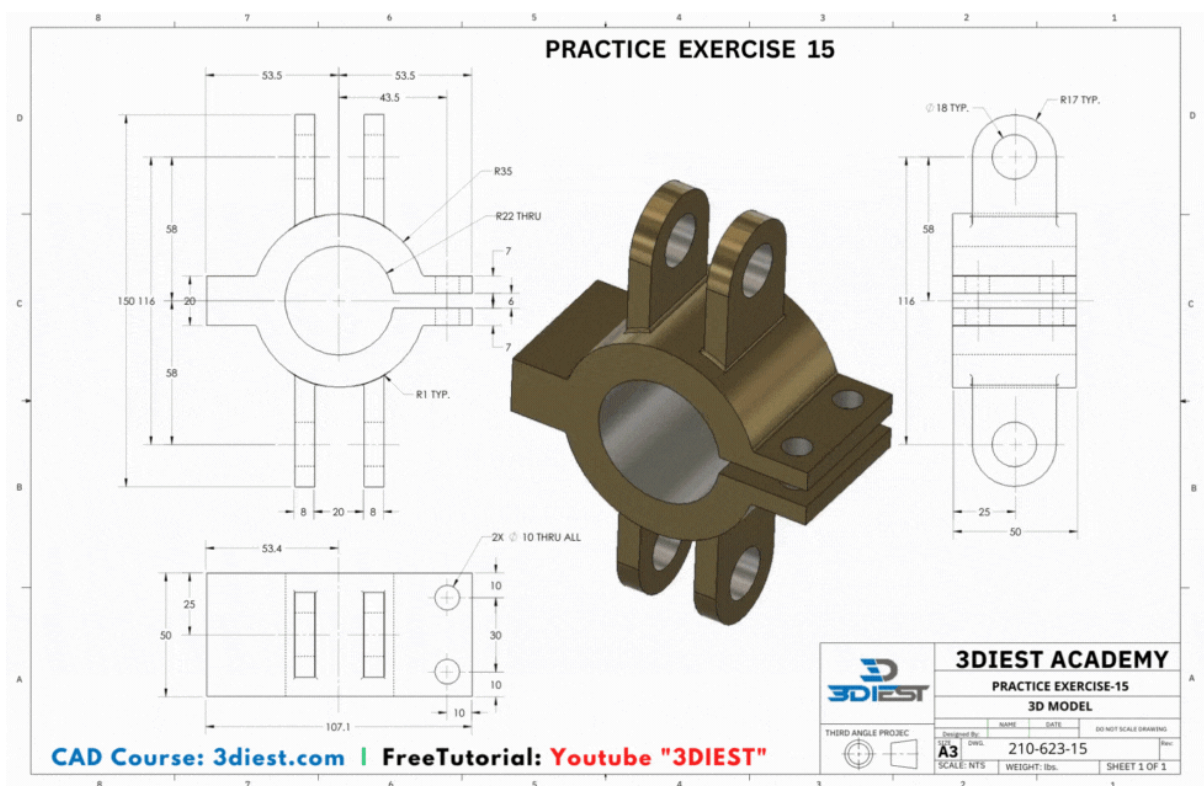

https://docs.google.com/document/d/1UFPGCImhmvzgLIK39iW4BKGbeX_xtEto/edit?usp=sharing&oid=110638346290035879253&rtpof=true&sd=true

1. Recap lab

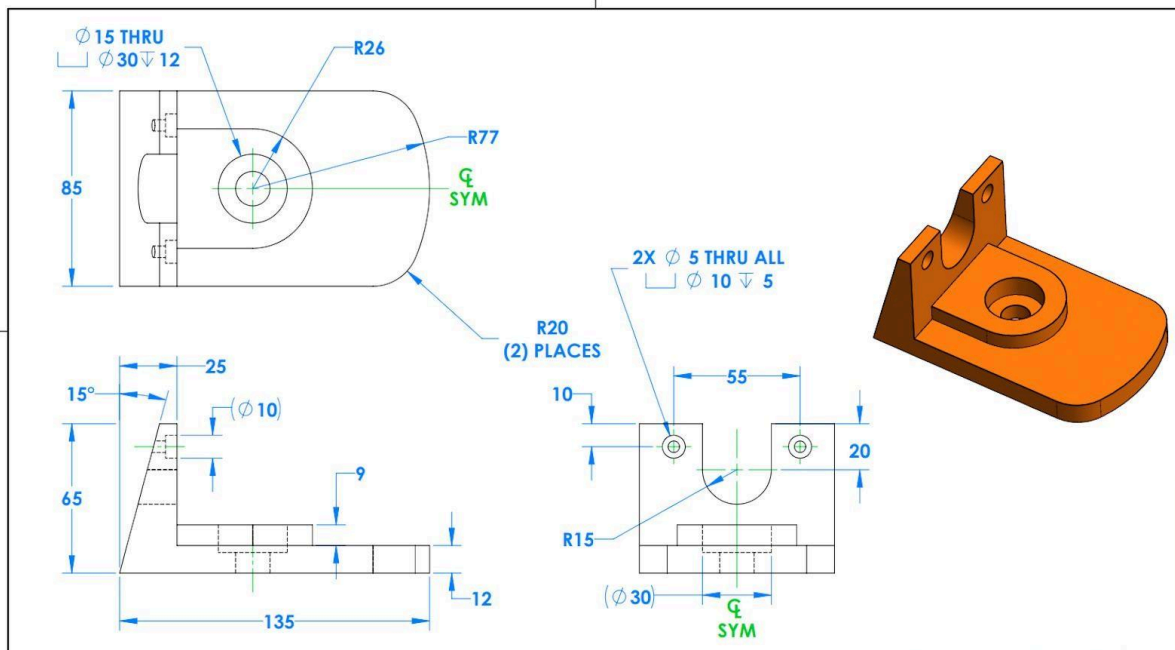

Today there will not be any new information. Just a lab full of exercises for you to practice what you've learned so far in terms of modelling. You do not need to finish all of them, although doing so would be appreciated.

2. Exercises

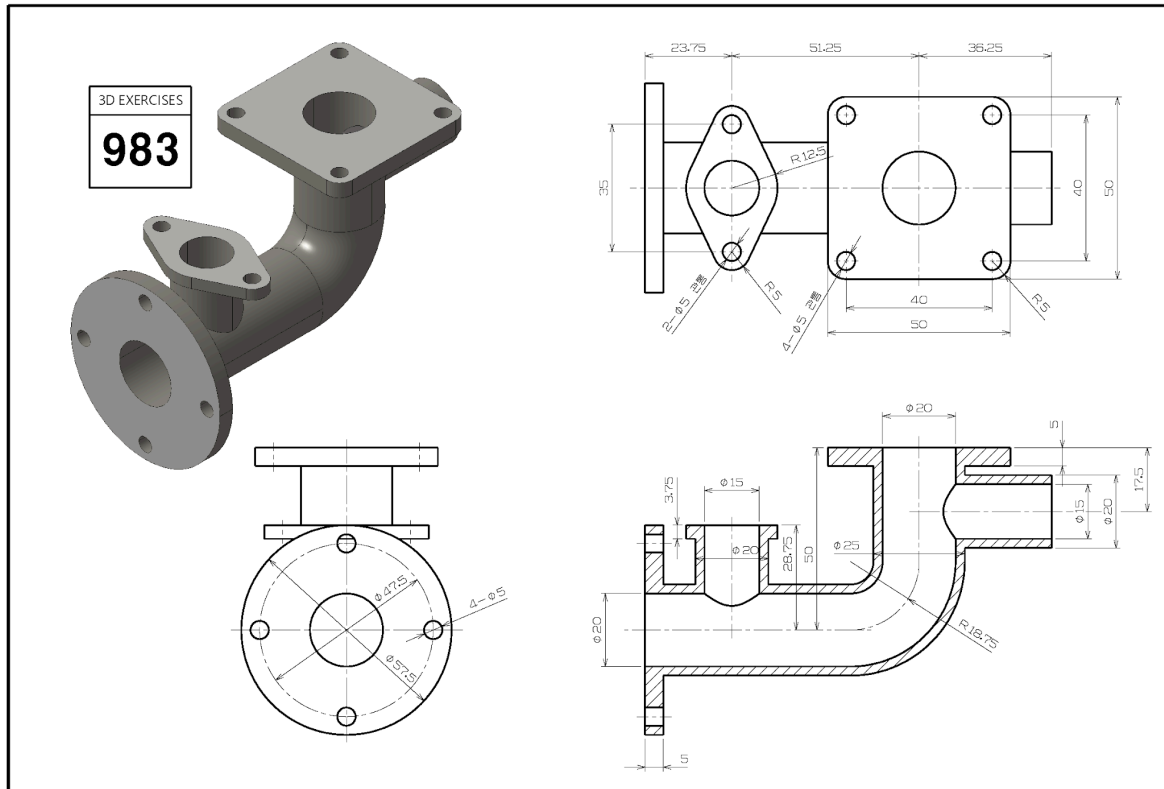

Exercise 1:

Exercise 2:

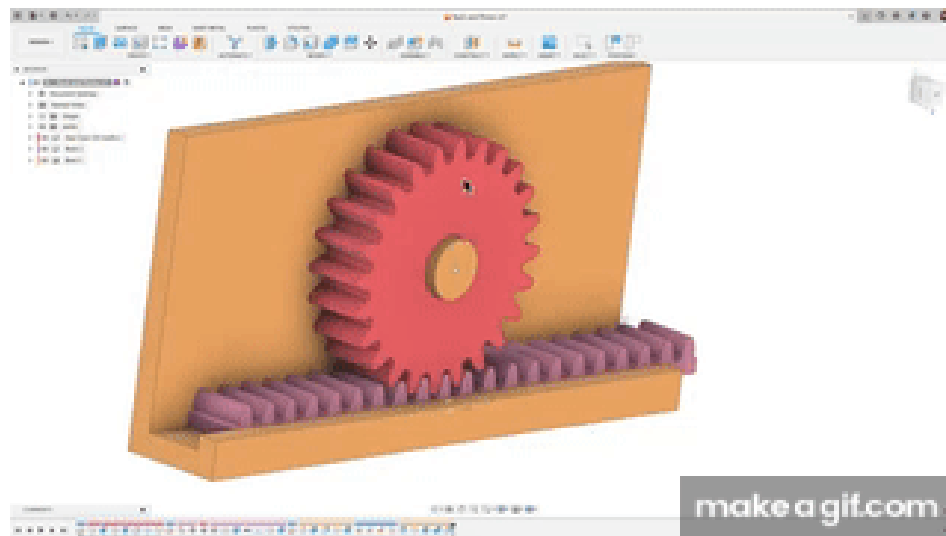

Exercise 3:

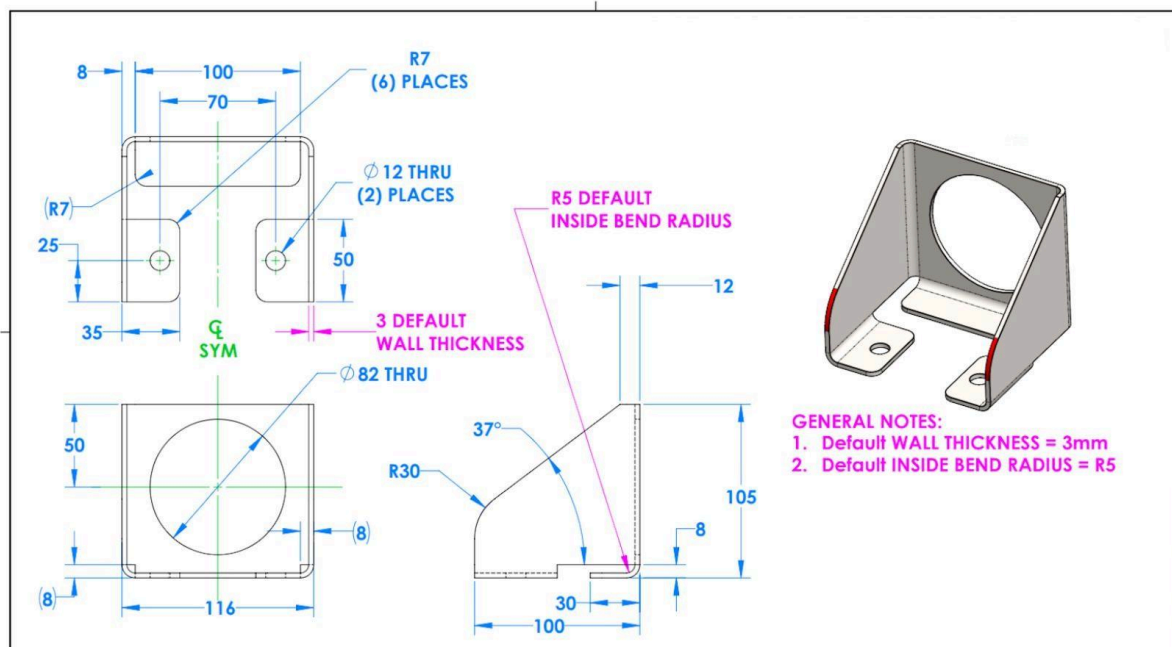

COPYRIGHT 2020 WWW.STUDYCADCAM.COM ALL RIGHTS RESERVED.

Exercise 4:

Design your own “**Rack and Pinion**” mechanism. You can use [this](#) video to learn how to copy the shape of the gear onto the rack.

Exercise 5 (extra):

Exercise 6 (extra):
